Professional Summary

Dynamic marketing & merchandising professional having 7+ years' experience with proven success at Masood Textile Mills Ltd., excelling in apparel product development and production planning. Adept at fostering relationships with major brands, I leverage strong analytical skills and effective communication to accomplish targets. Committed to enhancing productivity and driving results in fast-paced environments.

WORK EXPERIENCE

DEPUTY MANAGER MARKETING **MASOOD TEXTILE MILLS LTD.** | *17/08/2018 – CURRENT*

KEY RESPONSIBILITIES:

Product Development & Marketing for European Brands:

- Developed and executed Development plans for high-fashion brands: (PME LEGEND, PEPE JEANS, THE STING, HUGO BOSS, MARKS & SPENCER). Sourced new leads, strengthened client relationships, and exceeded annual export targets.
- Managed styling, fabrication, finishes, and raw material selection for apparel.

Apparel Development & Team Leadership:

- Led end-to-end product development from prototyping to bulk production.
- Key tasks:
 - o Created development timelines and distributed artwork for prints, yarn-dyes, and jacquards.
 - o Approved embellishments (embroidery/printing) and negotiated costs with brands.
 - o Settled MOQ (Minimum Order Quantity) and lead times for bulk orders.
 - o Supervised PPR (Pre-Production Review) meetings to address bulk risks.
 - o Ensured compliance with brand quality standards during production.
- Managed fabric database, lab dip approvals, and seasonal fabric libraries.
- Liaised with mills and overseas offices for fabric inquiries and alternatives.

Production & Planning:

- Oversaw **bulk order execution**, including sealer comments and testing (PERR).
- Monitored production timelines and reported to management.
- Evaluated team performance to boost productivity.

ADDITIONAL ROLES IN YARN & FABRIC MARKETING:

- Enhanced export volume by optimizing fabric marketing strategies.
- Prepared fabric specifications for the Product Development team.
- Coordinated with third-party labs for bulk testing and dye lot approvals.

- **KEY ACHIEVEMENTS:**

- 100% KPI Award (2021): Recognized for excellence in pre-production execution.
- Streamlined cost-saving initiatives by proposing alternative materials.

- **TOOLS & PROCESSES MANAGED:**

- **Customer Portals:** Updated and maintained brand-specific platforms.
- **Testing Protocols:** Executed PERR (Pre-Production Evaluation Review) and bulk lab tests.
- **Costing & Negotiation:** Reduced production costs by 15% through material alternatives.

4. EDUCATION

- **MSc Business Administration** (In Progress)

National Textile University, Faisalabad | 2022–Present

THESIS: Transformational leadership's impact on organizational performance.

- **BBA (Marketing/Management)**
